TECHNICAL DATA SHEET

HB-107

CONCENTRATED DISINFECTANT - DEODORANT PINE - MINT - LEMON

DESCRIPTION:

- Powerful disinfectant, deodorant, Fungicidal, Bactericidal, Tuberculocidal and Pseudomonacidal
- Controls numerous organisms as well as mildew
- Acts quickly on germ laden surfaces to reduce the hazard of cross infection by bacteria
- Suppresses and eliminates odors including fecal matter, urine, mold, burns, smoke, mildew, decay, garlic, onions, tobacco and many others.

ADVANTAGES:

- Controls bacteria four ways
- Reduces hazards of cross infection
- Controls odors
- Freshens the air
- EPA registered
- Hospital strength
- Excellent break-up in the air for deodorizing
- Pleasant odor

AREAS OF USE:

Hospitals
Air ducts
Schools
Wash basins
Industrial plant
Linen carts
Refuse cans
Stretchers

Wheelchairs
Nursing homes
Toilet seats
Food processors
Hospital beds
Showers
Bassinets
Urinals

Ambulances
Office machinery
Kitchens
Laundry chutes
Bathrooms
Light switches
Telephones
Door handles

PROPERTIES:

Form	Fine Mist
Odor	Pine/Mint/Lemon
Color	Water White
Wetting Ability	Excellent
Detergency	None
Foaming	None
Phosphates	None
Storage Stability	130° F
Cold Stability	0° F
Corrosion Factor	None
Flash Point	73° F T.C.C.
Roiling Point	180° F
Vapor Pressure (mmHg)	40.0
Vapor Density (Air- 1)	Less than 1
Solubility in Water	100%
Specific Gravity (H=O- 1)	0.88
Free Acid	None
% Volatile by Volume	99%
Evaporation Rate	Less than 1.0

SAFETY:

Label use directions should be followed carefully. OSHA Material Safety Data Sheet available

USAGE:

- Apply with vacuum truck, farm sprayer, or irrigation system
- May be diluted from 1 oz. to 8 oz. per gallon depending on cleaning requirement
- For disinfecting: Hold dispenser upright 6-8 inches from surface and spray 3 seconds or until surface is wet
- For deodorizing: Hold dispenser upright. Point the opening away from face. Spray into air for 3 seconds
- For mildew; Clean surface and spray until wet. Repeat weekly to maintain control
