TECHNICAL DATA SHEET

HB-125

STEEL-BRITE

DESCRIPTION:

- Makes a long lasting and replenish-able solution
- Removes grease, animal fats, lubricants, oil, grime, rust, mill scale, and most paints
- Cleans engine blocks and heads.
- Safe for iron, steel, and other hard metals.
- CAUTION: Has fast corrosive action on aluminum, zinc, tin, and soft metal alloys
- Category B-U.S.D.A. authorized for use in federally inspected meat and poultry plants.

ADVANTAGES:

- Long lasting
- Fast acting
- Cleans engine blocks & heads down to bare metal Removes stubborn deposits

DIRECTIONS FOR USE:

Average concentration is 6 to 8 ounces per gallon of water (45 to 60 grams per liter). For de-rusting and paint stripping use near-boiling temperatures. Add compound as needed ... SLOWLY and CAREFULLY ... to avoid boil-over and splashing. Do not air agitate. Use a plastic bristle brush to loosen caked grime or paint. Rinse thoroughly.

SAFETY:

Label use directions should be followed carefully. OSHA Material Safety Data Sheet available.

CAUTION:

Keep out of reach of children. Do not take internally.
