TECHNICAL DATA SHEET

HB-174

SPRAY TRANSMISSION CLEANER

DESCRIPTION:

- Non-caustic, heavy duty, non-foaming cleaner for aluminum transmissions and other soft metal parts
- Powerful cleaning action removes grease, oil and varnish
- Recommended for use in enclosed, high pressure systems
- Completely soluble, biodegradable white powder
- SAFE ON ALUMINUM.

DIRECTIONS FOR USE:

Start with 4 - 6 oz. per gallon (30-40 gms./ltr.). You may be able to use less, depending on water conditions and soil. Set machine to high heat setting (200° F or more) and run for 10 - 20 minutes. AVOID EXCESSIVE CONTACT. MAY CAUSE PITTING. All cleaning should be immediately followed with thorough rinsing.

SAFETY:

Label use directions should be followed carefully. OSHA Material Safety Data Sheet available.

CAUTION:

Contains Sodium Metasilicate. Can strip some paints. Avoid contact with skin and eyes. In case of contact with skin, rinse immediately with water for at least 15 minutes. If redness persists, or if contact is extensive, contact a physician. In case of contact with eyes, rinse with water for at least 15 minutes. Get medical attention immediately.
