TECHNICAL DATA SHEET

HB-190

HAND SANITIZER GEL

DESCRIPTION:

- A self drying germicidal blend of emollients and ethyl alcohol that instantly sanitizes without water or towels.
- Stows down the skin's loss of moisture and reduces the loss of natural skin lubricants.
- Gives a quick antiseptic rinse to hands leaving *them* smooth and conditioned, without the antiseptic smell.
- When used properly, causes a rapid, broad spectrum reduction of pathogenic micro-organisms, prevents bacteria transfer and reduces the risk of cross infection.

AREAS OF USE:

- Cashiers
- Day care centers
- Hospitals
- Dental offices
- Police and fire personnel
- Restaurants and kitchens
- Correctional facilities
- Veterinary clinics
- Nursing homes
- Emergency response teams
- Food service workers

DIRECTIONS FOR USE:

Spread HB-190 on hands or skin area being covered and rubbed vigorously until dry, Dries in 15 seconds, leaving hands with a fresh citrus fragrance. Wash with a natural based soap and water after 10 applications.
