TECHNICAL DATA SHEET

HB-22

PASSPORT

Air Sanitizer & Surface Deodorizer **(Cherry, Spice, Mint, Lemon, & Talcum)**

DESCRIPTION:

HB-22 Passport is a pleasantly scented deodorizer generally used in conjunction with an air mist sprayer. It is excellent for neutralizing smoke odors after fires as it permits fast penetration into clothing, furniture, etc.

- Non-toxic to humans and warm-blooded animals.
- Non-staining -- will not discolor.
- Excellent product for fire departments, schools and institutions.
- Approved by the E.P.A. as an aid in reducing airborne virus and bacteria.

ADVANTAGES:

- Reduces air-borne and surface bacteria and viruses.
- Chemically destroys odor producing bacteria.
- Eliminates smoke odors.
- Economical – may be used in a mist machine.
- Highly concentrated.
- Leaves a fresh clean fragrance.
- Provides full coverage of an average size room in less than 30 seconds when used in an air mist generator.

AREAS OF USE:

Schools	Hospitals
Cafeterias	Libraries
Locker rooms	Fire departments
Animal shelters	Country clubs
Municipal facilities	Warehouses
Retail stores	Gymnasiums
Nursing homes	Day nurseries
All other places where people congregate	

PROPERTIES:

Form	Liquid
Fragrance	Cherry, Spice, Mint, Lemon, Talcum
Color	Light
Toxicity	See Label
Wetting Ability	N/A
Detergency	None
Foaming	None
Biodegradability	N/A
Emulsification	No
Phosphates	None
Storage Stability	1 yr.
Cold Stability	32° F
Corrosion Factor	Minimum
Flash Point	110° F T.O.C.
Boiling Point	179° F
Vapor Pressure (mmHg)	N/A
Vapor Density (Air - 1)	,9604
% Volatile by Volume	90.7
Evaporation Rate	N/A
pH	N/A
Free Acid	N/A
Wt. per Gallon	8.01

SAFETY:

Label use directions should be followed carefully. OSHA Material Safety Data Sheet available.

USAGE:

- Close all windows and doors.
- Spray so that light fog forms. This will reduce the number of air-borne bacteria and virus particles. This treatment temporarily sanitizes the air.
- Repeated applications should be made periodically according to conditions that prevail.

CAUTION:

- Avoid contamination of food
- In liquid form, this product is a combustible mixture
- Keep containers away from heat or open flame
- Keep containers closed when not in use
- Harmful if swallowed

AUTHORIZATION: Approved by the Environmental Protection Agency under Reg, No. 11694-64.
